

The Klou series is a furniture system with **containers** having fronts flush with the sides, comprising the following elements:

- ① **Side panels:** 18 mm thick with adjustable feet. Supplied with 32 mm pitch micro-drillings so that hardware can be fitted according to the position of the components.
- ② **Base:** 18 mm thick with 32 mm H. front, attached to the side panels by eccentrics and braces.
- ③ **Finishing** 18 mm thick, attached to the side panels by eccentrics and braces.
- ④ **Internal shelves:** 25 mm thick with ABS edges, attached by locking shelf supports.
- ⑤ **Partition shelf:** 25 mm thick partition shelf, used as a separator where there are split doors or drawers, fixed to side panels by means of locking shelf-holders.
- ⑥ **Backpanel:** 5 mm thick, it is assembled to the grooves on the side by means of special hardware.
- ⑦ **Doors:** 18 mm thick, with rounded postformed or straight edges, or the new "Graffio", "Iride", "Zebra" or "Decor" types. Attached to the side panels by three-way adjustable hinges.
- ⑧ **Drawers:** 18 mm thick fronts, available with rounded postformed or straight edges. Drawer structure in ash foil wrapped melamine, fitted with height adjustable runners. Can be provided with soft-closing system.
- ⑨ **Clothes rods:** aluminium tube prepared with side attachments.

N.B. For assembling in niches calculate a width of 3 cm and a height of 2 cm

Heights

Complete with adjustable feet H. 0,5 cm

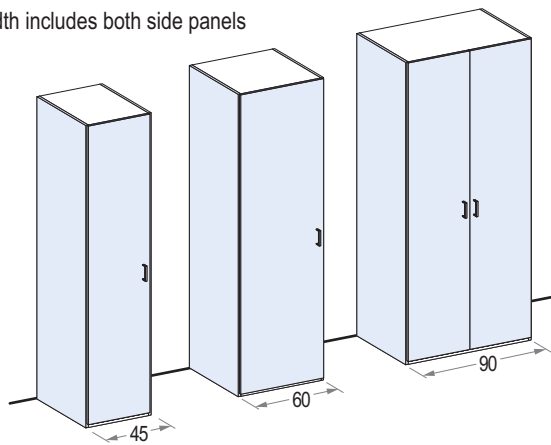

The standard 18 mm thick TOP is supplied up to the height 165,9 cm and it is placed over the side panels.

The top is assembled by means of a "ceiling" or under-top which is not a finishing element. When a number of columns are placed side by side the top is a single full-length piece (max. width 300 cm).

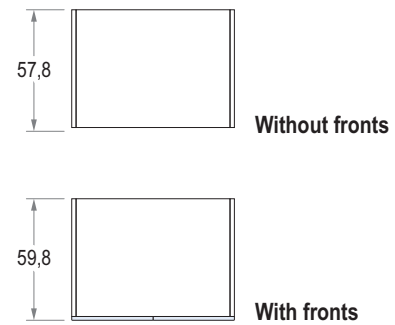

Widths

The column's width includes both side panels
