

BONALDO

Bardot

Spherical elements paired with squared silhouettes to bring together Bardot, the lamp which - like the namesake actress - symbolises timeless beauty thanks to its refined geometric structure. The lamp is enhanced by the stand and globe in metal, for which the precious matt brass finish has been chosen; the wide lampshade consists of a transparent glass globe

that allows maximum brightness. Bardot stands out for its thin rod, available in the elegant lead or bronze finishing, which combine perfectly with the other components of the lamp. The collection, consisting of a table lamp and two floor lamps, with different heights, makes it possible to create interesting coordinated environments.
