

BONALDO

Bonsai

Designer: Paolo Grasselli

In the ancient botanical art of bonsai, a trunk of large dimensions supports and dialogues with an artfully shaped canopy. Similarly, Bonsai poufs are the result of a search to harmonise the volumes of the padding and the size of the frames: an essential metallic tubular frame, but with a wide section, welcomes and supports a comfortable seat with soft and rounded

shapes, which enhances the choice of the fabric or leather used for the upholstery. Available in four different sizes and heights, each of the Bonsai poufs can be chosen as a unique piece or combined in groups, freely combining multiple elements in the living area, the bedroom or in areas of hotels or public spaces intended for welcoming.
