

BONALDO

Full Moon

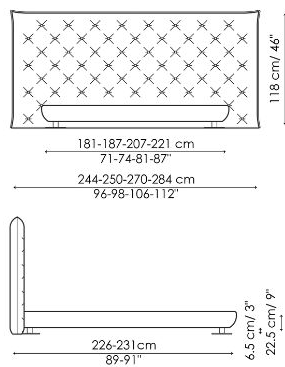

Full Moon is a double design bed with an opulent headboard that, with its sophisticated capitonné padding, frames the bed and provides a sense of abundance and softness, underlined by the draped bed frame. The version with the higher headboard (Full Moon hi) is also available with storage space (Full Moon hi open), which provides additional space

for storing covers, cushions and everything necessary for the bedroom. Additional distinctive details are the painted metal circular feet, available in a series of colour variations. This bed, the name of which recalls the night, and specifically an evocative full moon, is the perfect companion for encouraging the sweetest and most relaxing dreams.
